3 Description

The u-connectXpress software version 8.0.0 for the ODIN-W2 series of Wi-Fi and Bluetooth multiradio modules has now been released. A complete description of the software, including new features and bug corrections, is provided in the release note [1].

The integrated Bluetooth stack in the u-connectXpress software has been updated for compliance with Bluetooth 4.2 requirements. ODIN-W2 has completed the Bluetooth 4.2 qualification process and is listed with the Bluetooth SIG. For more information, see the product data sheet [2]

4 Schedule

u-connectXpress v8.0.0 is released and available for download at u-blox.com

5 Customer impact and recommended action

Review of the software updates presented in the release note [1] is advised.

Although u-blox cannot accommodate new orders for pre-installed versions of u-connectXpress 8.0.0, customers can now flash the software to any existing ODIN-W2 module in their own production facilities.
