1 Affected product versions

Product in End of Life	Recommended successor product
SARA-G340-02S	SARA-G350-02S, SARA-G450-01C
SARA-G340-02X	SARA-G350-02X

2 Reason for discontinuation

Due to the EOL of a critical component used in the SARA-G340 module variants u-blox is forced to announce the end-of-life for the above listed products.

Our successor products offer better performance and more functionality.

3 Recommended action

u-blox recommends migrating from the SARA-G340-02S to a pin-to-pin compatible module, either the SARA-G350-02S quad-band module that comes with enhanced performance and additional features or to the latest quad-band SARA-G450-01C. The migration recommendation from the SARA-G340-02X ATEX certified module is the likewise ATEX certified SARA-G350-02X.

Please consult local FAE's for further support.

4 Schedule

Last time buy date	June 15 th 2021
Last ship date	December 15 th 2021

Please be aware that due to the EOL of the component, u-blox can only deliver a limited quantity of SARA-G340 modules.

5 Contact

We thank you for your understanding in this situation and assure you our very best support. u-blox appreciates and values your continued business relationship and looks forward to your future interest in our outstanding product portfolio. Please contact your nearest u-blox sales team for any questions you may have.
