- Other: New ordering code

3 Description of change

- New ordering code: ZED-F9P-02B
- New firmware version: Flash FW 1.00 HPG 1.13

The ZED-F9P module introduces a new ordering code, ZED-F9P-02B. The product with this new ordering code is shipped with the new firmware, FW 1.00 HPG 1.13. The new firmware is documented in the Release Notes [1].

The module with ordering code ZED-F9P-01B and FW 1.00 HPG 1.12 will remain in production until further notice. Hence please note the two different ordering codes that differentiate between the two variants with different firmware versions.

4 Schedule

The product with ordering code ZED-F9P-02B can be ordered as of today, standard delivery times.

The released firmware, Flash FW 1.00 HPG 1.13, is available for downloading on our web site. Previous ZED-F9P modules can be upgraded with the latest released firmware.

5 Customer impact and recommended action

It is recommended that customers carefully study the Release Note [1], the updated product documentation [2], [3] and [4], and take necessary actions to migrate to the latest ZED-F9P product.

The new product is functionally identical with the current product and conformant with the current specification.
