### 1 Affected product versions

Product order code	Successor product order code
NEO-M8U-0	NEO-M9V-20B (recommended)
NEO-M8U-04B	NEO-M8U-06B
NEO-M8U-05B	

All orders of the products listed above that are placed after the notification date are **non-cancellable** and **non-returnable (NCNR)**.

### 2 Reason for discontinuation

A streamlined portfolio is the base for efficient logistics. Therefore, we are discontinuing some old NEO-M8U types that can be replaced by newer products.

### 3 Customer impact and recommended action

- Successor products are pin-to-pin compatible to their predecessors.
- NEO-M9V is the recommended replacement type. It is based on the latest technology and offers additional value to customers. Taking successor product NEO-M9V into use requires some specific actions. Please check the documentation [1], [2], and the migration guide [3] for further information.
- Migrating to NEO-M8U-06B is also possible. Please refer to [4] for more information.

### 4 Schedule

Last-time-buy date	Last shipping date	End of support date
15-DEC-2022	15-JUN-2023	15-JUN-2025

### 5 Contact

We thank you for your understanding and assure you our very best support. u-blox appreciates and values your continued business relationship and looks forward to your future interest in our outstanding product portfolio. Please contact your nearest u-blox sales team for any questions you may have.
