3 Description

The u-blox ZED-F9R multi-band GNSS module with high precision and dead reckoning has reached Initial Production (IP) status with firmware FW100HPS130.

4 Schedule

First production parts will be available in March calendar week 12.

5 Customer impact and recommended action

- Previous ZED-F9R versions can still be ordered by customers who want to use an older version, although the migration to the latest ZED-F9R-03B version is recommended.
- The firmware is backward compatible with all previous hardware versions.
